

To all DCWC Archery Certified Members

The DCWC Archery committee is pleased to announce the start of the 2008 Outdoor Archery season. The following Outdoor schedule is jammed packed with activities for everyone to enjoy. All you have to do is come on out. Show interest in participating. We will help you get started with some real fun shooting Archery.

New to the archery ranges this season is a nice set of nine moveable target butts set up in a line on the practice range. These were designed with us handling large groups of beginning archers at one time. We can handle about 40 participants at one time shooting under direct supervision of Archery Committee Members. People just starting out will start at a comfortable shooting distance of 10 yards. After a few good practice sessions we expect most people to move on to further distances.

December

- 1 Field Archery Course Inspection
- 2 Indoor Archery Begins in the DCWC Clubhouse

Brief description of our regularly scheduled events

DCWC Archery Fun Shoot for beginners - open to the public – Starts 11am ends at 2pm

DCWC will host one Archery Fun Shoot each month of the calendar year.

This event is open to the public.

It gives DCWC a chance to show off its fantastic Archery facility to non members.

Archery Committee Members are on hand to answer questions, help organize shooting, help with equipment selection, give instructions and run a fun day shooting archery safely.

All yardages are shortened up from the normal tournament distances.

This is a great opportunity to come out and try archery for the first time!

DCWC has a nice assortment of beginner level archery equipment for people to use.

There are several Genesis, recurve and compound bows.

This equipment is available for a nominal rental fee.

This equipment is for persons to use on first come first served basis.

We can supply the bows and a great place to enjoy archery.

We ask that you please try to supply your own arrows.

Arrows must be able to be shot from a 35 – 40lbs bow (Arrow spine or stiffness).

Arrows may be available for purchase at the club. Ask an Archery Committee Member

And, just to get you started, brief archery lessons are available to anyone who needs them.

· Score cards are supplied with shooting and scoring directions on them. You can keep score, but no score cards are turned in - unless you're bragging, of course! We are shooting just for fun.

· Shoot as much as you like. You don't even have to finish the established course of targets.

· Targets are set up between 5 and 50 yards with mid-range stakes set on the longer shots. The mid range stakes are for less experienced archers because we don't want people shooting past their capabilities. This is a safety precaution.

Safety is always DCWC #1 priority.

· Persons who use any equipment provided at the shoots will be responsible for it by paying replacement value costs if they lose or damage any equipment.

Archery Fun Shoots may be canceled due to poor weather.

Please call the DCWC Range Closure Hotline at (919) 361-1839 for shoot cancellation notification before coming out.

Wednesday Evening Archery Practice - members & their guests - 5:30 until dark

We are going to make Wednesday Evening our regularly scheduled day of the week to get together for practice. This would be a great time to work on equipment, get some pointers, and learn how to shoot Field Archery or other target archery rounds

DCWC Club archery get together and cook out – Receive Archery Instruction 1pm

Bring your own food and drink. We will provide the barbeque grill

This event has been asked for by several members, gives us a chance to make archery a truly social event.

Meet other club members and families with similar interests

Come out relax shoot some arrows, talk archery, get some shooting tips, shoot a game or do what ever you wish.

Go for a walk in the woods, shoot lots of arrows or just a few..

Then kick back for a very casual barbeque. Let just have fun

Target and Field archery tournaments NFAA - NCFAA - 10am shotgun start

Of course with this great archery facility we are going to host a few tournaments.

DCWC is going to host 4 Field Archery Tournament this season.

As always these shoots are open to everyone to participate.

We have a small group of people that attend our shoots and would welcome all newcomers.

All experienced archers that attend are always eager to help people wanting to learn the sport.
